

PHONE NOT WORKING. PHONE SIGNAL IS BEING OBSTRUCTED.  
RETURNING TO FAX. MORE SECURE. BEWARE OF SPIES.

**My basic script for phone calls.**

*Note to self: make sure to cover as much of the below as possible, but try to come off as "normal".*

Name: Tim Berners-Lee  
Friends call me: Tim  
Spies call me: TBL  
Who: Inventor of the internet in your world (not mine)  
Age: 65  
From: London  
Studied at: Oxford University  
Job: Physicist  
Hair colour: grey-ish brown  
Eyes: blue  
Pros: a charming smile  
Ambition: Free, instant and decentralised communication. A whole world web.  
Relationship status: single  
Children: none  
Likes: communication, equality, freedom, idealism, cake  
Dislikes: oppression, surveillance, spies

This world was not built for people like me. There are too many processes to observe. Too many people to please. Too much protocol to obey.

My dream was foolish here; my internet was doomed to failure. But your world is different.

It is time for your mission.
