# Healthline audio script

**INCOMING CALL *pause after every sentence for repeating shtoofs***

Hello.

Please repeat everything I say to those around you.

This is your fax machine.

I will ask you to carry out 4 health checks.

This is to ensure that I am working correctly.

Health check number 1 is to receive a phone call.

You have completed health check number 1.

Health check number 2 is to make a phone call.

Health check number 3 is to send a fax.

Health check number 4 is to receive a fax.

Please turn to page 5 in the manual.

Here you will find instructions on how to make a call, send a fax and receive a fax.

Please read this page thoroughly.

If you are unable to carry out any of the health checks, please call the helpline from your mobile phone.

The helpline number can be found in the manual on page 5.

When you are ready, please hang up and begin health check number 2.

**OUTGOING CALL**

Hello.

Please repeat everything I say to those around you.

Health check number 2 is received and is processing.

Health check number 2 has passed.

You can now make calls using this phone.

You must now complete health check number 3.

Please return to the manual, page 5, for more details on how to send a fax.

You may also like to read ahead to health check number 4.

Following health check number 3, you will need to know how to receive a fax communication.

If you are unable to carry out any of the health checks, please call the helpline from your mobile phone.

The helpline number can be found in the manual on page 5.

When you are ready, please hang up and begin health check number 3.
